

The Red Cross in Our Community

Disaster Relief and Community Disaster Education

When a disaster threatens or strikes, the Red Cross is there. This year we responded to 6 local disasters, including 6 residential fires. We helped 6 affected individuals and families with emergency food, shelter and supplies.

Because being prepared can make your family and community safer and sometimes minimize injury and destruction, we have 35 people on our disaster team who will respond to fires, etc. and 20 additional members who will help us in the event of a major disaster.

We continue to train local volunteers to respond to disaster.

Health and Safety Services

From first aid, CPR and AED training to swimming and lifeguarding, American Red Cross programs help people lead safer and healthier lives. This year, 1100 individuals learned lifesaving skills through 70 classes offered by our chapter

International Services

The international tracing program helps local families find relatives with whom they have lost contact because of a natural disaster, war or internal conflict. We are prepared to reconnect families with loved ones in foreign lands.

Armed Forces Emergency Services

The American Red Cross provides communication between those in the Armed Forces and their families. We have a worldwide network that reaches service members wherever they are to communicate a birth, death or illness. This year we provided emergency connections for 17 military families.

Blood Services

Every two seconds, someone in the United States needs blood. Thanks to generous blood donors, the Red Cross collects and distributes nearly half the nation's blood supply. Over the last year, we helped run 5 two day blood drives, collecting approximately 800 units of blood.

We also provide utility assistance in partnership with Westar Energy and provide fans/blankets as needed for the poor and elderly.

Community Services

A Note About Volunteers

We depend on volunteers of all ages and backgrounds to carry on our work. Volunteers constitute 99 percent of our total workforce, serving as members of the board, instructors teaching lifesaving skills, disaster action team members, office administrators, event organizers and more.

This year, 350 volunteers made the work of the chapter possible, contributing 2000 hours, for a contribution estimated at \$28,000.00.

Statement of Financial Position For the Year Ending June 30, 2007

ENDING NET ASSETS (Unrestricted & restricted)	\$ 71,749
--	------------------
